A Love

Chapter one: A Strange Finding

****A/N: I own nothing, only the oc is mine.****

It's a normal and sunny day here on Berk. All the people are working joyfully with their dragons. Snotlout, Fishlegs, Astrid, Tuffnut, Ruffnut, and Hiccup were all saddling their dragons to do some training. All is good until the Earth beneath them begins to shake. The dragons panic; flying, running, and hiding every which way. All of the young teens begin to fall one by one to the stone floor. It was only a few seconds when it was over.

"What was that?" Astrid, the first to speak, Walk calmly to her Deadly Nadder.

"I don't know," Hiccup responded, while calming his Night Fury.

"Maybe it was Odin punishing us for something," Fishlegs says pet his Gronckle.

"But what have we done to upset him?" Astrid pointed out.

"I don't know," Fishlegs shrugs his shoulders.

"Maybe it was Thor striking Berk with his lighting," Snotlout theorizes.

"No I don't think that's very likely; there aren't any storm clouds out today," Hiccup proving Snotlout's theory wrong.

"Well maybe it was Loki trying to prank us," Tuffnut throws out the idea.

"Yeah, that guy is a serious prankster," adds Tuffnut's twin sister Ruffnut.

"I don't know about tha-," Hiccup is suddenly interrupted by Stoick running to him, "By Odin's bread, what was that?"

"I-I Don't know dad, but Toothless and I will start searching the island eminently," Hiccup quickly finishes saddling Toothless and hops on.

"Will go with you," Hiccup turns to see everyone already on their dragons ready to go.

"Alright then let's go," Hiccup and others rushed out the training area.

After riding for a good hour before Astrid speaks up, "Hiccup I don't think we'll find anything."

Hiccup looks to Astrid, "There has to be something out here. Let's look for a little bit longer, okay."

"Hey, what's that over there?" Everyone looks to where Tuffnut and Ruffnut were pointing to.

"Whoa!" All say in unison.

What lays in the distance from them was a large area where trees were missing.

"That wasn't there before," Astrid says.

"And you said there wasn't going to be anything," Snotlout gave Astrid a cocky smile.

"Now everyone be careful, we don't know what's down there. For all we know it could be a drago-," interrupting Hiccup Snotlout flies past and heads for the clearing.

"Really now," Hiccup gives Snotlout an irritating look. "Come Toothless, we have to keep him out of trouble," with that Toothless left, with the others right behind him.

On the ground it was worse than they thought. There was a huge crater, bigger than a ship.

Snotlout calls out, "Hey guys. I think I found what made this big hole."

Everyone one hurries off their dragons and rushes to where they hear their dimwitted friend. To their surprise see not a dragon, but a young girl; one about their age.

"Can I keep her?" Snotlout blurted.

"Is she even alive?" Ruffnut asks.

"I don't know," Snotlout responds.

Hiccup pushes Snotlout aside. He gets down to his knees and places his head right above her chest. Astrid quickly kicks Hiccup in the stomach, sending him fling.

"A-Astridâ€|W-what.â€|was that for?" Hiccup says in between choughs.

"What do you mean, what was that for!? You were the one about to snuggle into her chest! That's kind of pervy, dacha think!?" Astrid yells at the top of her lungs.

"What do you mean? All I was doing was seeing if she was breathing!" Hiccup responds to Astrid's over reacting.

"Oh," Astrid begins to glow a bright red. She turns around in effort to hide it.

Hiccup chocks down the pain and continues to see if the mysteries young girl was even alive. A few seconds pass, nothing. Then when he was about to believe she was dead he hears a slight breath. "Snotlout hurry, help me get her on Toothless," he orders.

Snot picks the girl up, "why do you get to take her?"

Hiccup gets onto Toothless, "Because can fly the sturdiest out of all the dragons," Snotlout hands the girl to Hiccup, as he takes her he says, "plus Toothless is the fastest. We'll get to the village as fast as possible to get her eminent attention."

Toothless and Hiccup fly off with the girl. Within seconds they arrive at the village. Hiccup's father, the chief, is the first to confront Hiccup, "well, did you find anything?"

"You won't believe we found," Hiccup hands his dad the young girl.

"You're right I don't believe you," He takes the girl.

"She's alive, but I don't if she will still stay alive or not," Hiccup gets off of his trusted dragon.

"Right, I'll take her to the house. You go get Gobber, maybe he'll know something," Stoick left to take the girl to their house. Hiccup left as well; running he heads to Gobber.

"Gobber! Gobber!" He yells.

"Yes, what is it?" He answers.

Out of breath, "There'sâ€|..a girl andâ€|. we needâ€|.. you."

"No problem, where is she?" Gobber says calmly.

"My house," Hiccup quickly answers him.

After about half an hour of waiting the rest of the dragon riders arrive at the village.

"Where are they?" Astrid asks one of the village people.

"Over in Stoick's house," he answers her.

They all run to the house.

The door flies open, "Is she okay?" Astrid asks.

"I-I don't kno-," Cutting Hiccup off, Gobber comes down stairs.

Hiccup walks to Gobber, "Is she going to be fine Gobber?"

"Sure she is," All sigh in relief, "She's breathing fine, has a steady heartbeat, no broken bones. Perfectly fine."

"Well that's good to here," Hiccup says with relief.

"Can we go and see her?" Snotlout blurts out.

Everyone looks to Snotlout with an evil eye. "I don't see why not," responds Gobber.

With that Snotlout runs up stairs to _his young maiden. _Astrid follows him to make sure he doesn't do anything stupid.

"Thank you Gobber. You really helped us out," Hiccup says.

"No need to thank me Hiccup," Gobber walks out the door.

Hiccup rushes up stairs where everyone now is. In his bed lays the young girl. Her hair long and golden, her skin in pale as snow on Berk during winter, she has a lot of fancy jewelry and a pure white gown. She is beautiful. All the boys notice this due to the fact of their dropped jaws. Astrid punches Hiccup in the arm; as he turns around she's giving him a dirty look.

"Wow she's really pretty," Snotlout says over his drooling.

"Yeah, a lot prettier than Astrid or Ruffnut," Tuffnut adds.

Simultaneously both Astrid and Ruffnut punch Tuffnut in the face. With a loud thud he hits the ground. He hit it so hard the floor shock; waking the sleeping beauty up. She sits up and looks around the room. There to her right stands everyone standing around the unconscious Tuffnut. She gently gets out of the bed without a sound. She looks over everyone to see what is going on.

"I think you hit him too hard," Hiccup announces.

"He'll be fine," Ruffnut says folding her arms.

"Will he be alright?" a voice from behind.

All turn to see the young girl awake and well.

"Oh yeah, he'll be fine," Snotlout begins to place to wrap his arm around the girl, "But enough about him, how are you doing cutie."

The girl ignores his cutie comment and removes his arm, "I'm doing quite well. May I ask of where I am?"

Hiccup walks to their young visitor, pushing Snotlout to the side, "This is Berk."

"Wait, this is Berk; the legendary island that is said that dragons and humans coexist instead of killing each other?" She says like a hyper squirrel.

"Yep," Hiccup smiles.

"Oh, goodie! Goodie! Goodie!" She starts to jump up and down in circles. At fifth or so jump she catches the end of her gown and trips. As fast as she fell she got back up, "I'm ok." All look at her with the most confused look.

"Hiccup can I talk to you in private?" Astrid garb Hiccup and takes him down stairs.

"What is it Astrid?" Hiccup asks.

"She looks pretty healthy, don't cha think?"

"Yeah, what about it?"

Astrid, "I think she should be on her way."

Hiccup, "What do you mean Astrid?"

Astrid, "I mean I think she should leave the island Hiccup. She's perfectly healthy to leave. "

Hiccup, "What? Why?"

Astrid, "Because remember the last time Snotlout found a strange girl?"

Hiccup, "I know where you are coming from Astrid, I highly don't that will happen again."

Astrid, "But Hiccupâ€|."

Hiccup interrupting, "Astrid, if it makes you feel any better we can question her, me and you."

Astrid, "I guess that will do, for now."

Hiccup, "Good."

Astrid, "I'm still going to keep a close eye on her."

Hiccup, "Fair enough."

Hiccup starts to make his way to the stairs when Astrid grabs his arm and pull him in for a kiss.

"Don't look at any other girls with those googly eyes again," Astrid gives Hiccup a friendly punch to the arm and runs up stairs.

Hiccup slaps himself in the face to see if he's awake. "I could get used to that."

Chapter Two: Getting to Know

****Hiccup's P.O.V.****

It has been only a few days since the finding of our new 'friend'. She has been very corporative with us and clam (even with Snotlout hitting on her every time he see her), she even told us her name, Flair. But I can't help feel like she's holding some information back.

I walk up to her as she was helping Fishlegs clean Meatlug's teeth. "Hey guys."

"Oh hi Hiccup," Fishlegs waves.

"Hello Hiccup, nice to see you," Flair gave a quick smile and continues to clean the gronckle's sharp teeth.

"How have you been Flair? Any pain at all?" Hiccup asks.

"Nope, Not at all," she stops brushing, "Looks like your all done girl."

"That's great." I look to my friend, "Can I talk to you outside?"

Fishlegs nodded as he and I walk outside. "What's up Hiccup?" Fishlegs asks.

"How has she been doing?"

"Great," Fishlegs smiles, "she's been a great help and the dragons seem to love her."

We both look over to her; she was making baby noises as she scratch the Gronckle's chin.

"Nothing out of the ordinary?" I ask with great concern.

Fishlegs took a moment to think. "Nothing I can think of. She zones out sometimes, but that's pretty normal right."

"Has she said anything about her past?"

"Nope," Fishlegs shook his head.

I patted my friend on the shoulder before walking to Flair. She stopped her scratching when she saw me approaching.

"How have you been Flair?"

He smile grew as she answered, "Great. Everyone is so kind to me and the dragons are so nice. I think even Astrid is starting to like me. Earlier today she put my hair up with some twine," she points to ponytailed hair. "It was getting all over the place and made it hard to work, so I guess she saw and just put it up."

"That's great," I respond.

"I must thank you again for the clothes." She looks down at herself. She was wearing one of my old green shirts and brown pants. They had holes and were torn in many places. "They're better to work in than that dress of mine."

"Indeed that is," I pause, "Hey Flair." She stood up and now was at face level. "Do you remember anything from your past?"

She looks down at the ground then back at me. "Not a thing," she answers.

I nod my head. "Well I hope you remember soon."

She gives me a quick smile before continuing Meatlug's rubbing.

I say my good byes and walk myself home. On the way Astrid caught me by surprise.

"What did she say?" she demanded.

I took a moment to breathe, "She's really happy and she still can't remember anything."

Astrid crossed her arms in frustration. "Don't you think she's lying?"

"Now that may be possible, but so is memory loose."

Astrid huffs, "But it's clear that it is."

"Listen Astrid," I placed my hand on her shoulder, "She has given the village no trouble yet so can't do anything rash."

"I know I just don't want another Heather incident," she sighs.

"I know and that's way we have everyone on Berk keeping an eye on her."

Astrid took a breath, "Okay." She punches me in the arm and kisses my cheek. "I'm keeping a close eye on her."

****No one's P.O.V.****

It's now night and everyone is at rest, everyone but the mysterious blonde Flair. She sits up on top of the great halls roof looking at the stars.

"The stars are so beautiful tonight," she says as turns around. Behind her craws up Toothless, his ears back and mouth at a snarl. "It's alright love," she slowly begins to crawl to Toothless. "I mean on harm." She sticks out her hand, Toothless growls softly at her. "I

mean no harm," she repeats. Finally she taps him gently with her finger. With that one touch Toothless calms himself and sits up with his big eyes.

Flair sits on her knees and cups Toothless face as well as can with her small hands.

"I simply couldn't help myself," she whispers softly, "The stars are just so beautiful." She leans down and gently kisses the dragon's nose. "Now we should be getting to bed."

Toothless's ears perk up as he jumps off the roof. Flair giggles before following down.
